

## Bedtime Stories For The Little Ones

UNCLE WIGGILY AND THE LITTLE POND,  
By HOWARD R. GARIN

UNCLE WIGGILY LONGHAIRS, the bunny rabbit gentleman, was hopping through Woodland near the Orange Mountains, not far from Ashbury grove, where he had built his hollow stump bungalow. Mr. Longears was looking first on one side of the path and then on the other with his pink, twinkling nose.

"I mean Uncle Wiggily had his pink nose with him. I don't mean he was looking with it. Gracious, no! He looked with his eyes."

"Hello, Uncle Wiggily! Are you looking for an adventure?" asked Johnnie Bushytail, the squirrel boy, as he scampered up a hickory tree.

WITH nature's assistance La Creole Hair Dressing will bring back lustrous, wavy hair to its youthful color and beauty. La Creole contains no dyes, and so causes no sudden change. Its effect is gradual but certain, and an occasional application preserves the healthy color permanently after it has once been recovered.

La Creole  
HAIR DRESSING

has been favorite for generations among the aristocratic Louisiana Creoles, whose wonderful hair is a mark of their pure Spanish-French ancestry. Refinement approves the use of La Creole.

It must not be confused with dyes—given soiled hair—can't stain the scalp—nothing to wash or rub off.

La Creole makes the hair soft, lustrous, beautiful. Eliminates dandruff. Excellent for scalp troubles. A delightful toilet requisite. Guaranteed to bring back hair's color—or money refunded.

Write for fascinating booklet "La Creole: Hair Beautiful."

to see if any nuts were growing yet. But it was too early.

"No, I'm not exactly looking for an adventure," spoke the bunny gentleman. "I want to find Baby Buntz, the little rabbit girl who used to live in a hollow stump."

"Do you want her to chase you and play tag?" asked Johnnie.

"Indeed, I do," cried Uncle Wiggily. "Longears Buntz is too lively for me! She says she makes me chase her so I won't get old and stiff. But it's fun to be sort of useful like once in a while. Now I'm looking for Baby Buntz because Nurse Jane wants her to come home and have her paws and face washed for supper. Have you seen her?"

"Do you mean Nurse Jane or Baby Buntz?" asked the squirrel boy.

"Baby Buntz," cried Uncle Wiggily. "Nurse Jane is the squirrel boy's sort of joking like and comical."

"Baby Buntz," cried Uncle Wiggily. "Nurse Jane is the squirrel boy's sort of joking like and comical."

## HOROSCOPE

THURSDAY, MAY 22, 1919.

THIS is a most unfavorable day, according to astrology. Mars, Jupiter, the Sun and Uranus are all in malefic aspect.

The signs all seem to prefigure conditions in which the army is concerned. Discussion of military policies will be widespread.

Owing to the aspect of Uranus there may be a tendency on the part of persons of every class to criticize and to emphasize defects instead of virtues.

There is a sign read as presaging a new era has dawned and many persons will not realize the fact that the new era is given against any and to emphasize defects instead of virtues.

Strife will increase in number and waiting is given against any and to emphasize defects instead of virtues.

The Young Lady  
Across The Way

THE young lady across the way says it certainly does seem to be just one thing after another these days and before the regular flu has run its course she sees in the paper that the influx of foreign labor is now greatly feared and she supposes it's terribly contagious.

QUESTIONS  
AND  
ANSWERS

OWNER'S SERVICE DEPARTMENT

Q. WHAT is the composition of soft drink K. K.?

A. According to investigations carried on by the United States bureau of chemistry, practically all bottled soft drinks contain water, flavor, sweetening, and carbon dioxide gas. Some contain caramel or burnt sugar; acid usually citric found in lemons, or tartaric found in grapes; and a condiment, such as red pepper, guaiacum, allspice, cloves, or nutmeg.

Q. How the 164th Infantry regiment has returned to the United States and is located at Camp Dix, N. J., at the present time.

A. The 164th Infantry regiment has returned to the United States and is located at Camp Dix, N. J., at the present time.

Q. What is the longest canal in the world?

A. The Grand canal of China. This canal is 1,600 miles long, extending from Hangchow to Peking. It is about 250 years old, and has become partially filled with mud from the overflow of the Yellow river; but it is still a busy waterway. It is now to be dredged and improved by American engineers.

Q. What is the present number of members in the house of representatives?

A. There are 435 representatives, two delegates from territories, and three resident commissioners from foreign possessions.

Q. Where should a soldier write his address and who is entitled to 3 cents mileage under the new law to obtain the additional mileage due him?

A. All such applications for additional mileage should be addressed to the auditor of the war department, Washington, D. C.

(Any reader of The Herald who wants the facts on any subject can secure prompt service by writing the El Paso Herald information bureau, Frederick J. Haskin, director, Washington, D. C. 20001. You must enclose a 3-cent stamp for return postage. All inquiries are confidential, the replies being sent direct to each individually.)

Boston School Heads  
Fight Teachers' Union

Boston, Mass., May 21.—Accusing several members of the Boston public schools of an effort to block the work of teachers to form a union, the school heads are preparing to carry the fight to the courts.

It is charged that immediately after a meeting of the teachers the latter got busy and started in to block the proposed proceedings.

Meetings of the teachers were called by some masters, while others talked to their teachers one at a time, according to the story told by the teachers. The masters, the leaders of the teachers' union, cautioned the teachers to go slow in the matter of forming a union and made it plain that they were hostile to the union.

Tears Up \$50 Bill,  
Tries To Swallow It!

Ayer, Mass., May 21.—Private Fred Gossburn, of Milwaukie, a member of the first division, was removed to the psychiatric ward at the base hospital after tearing up a \$50 bill and attempting to swallow it.

## AND HE DID

BEFORE THE PRICE OF COAL GOES ANY HIGHER, I'LL BUY \$200 WORTH FOR NEXT WINTER.

AND HE DID

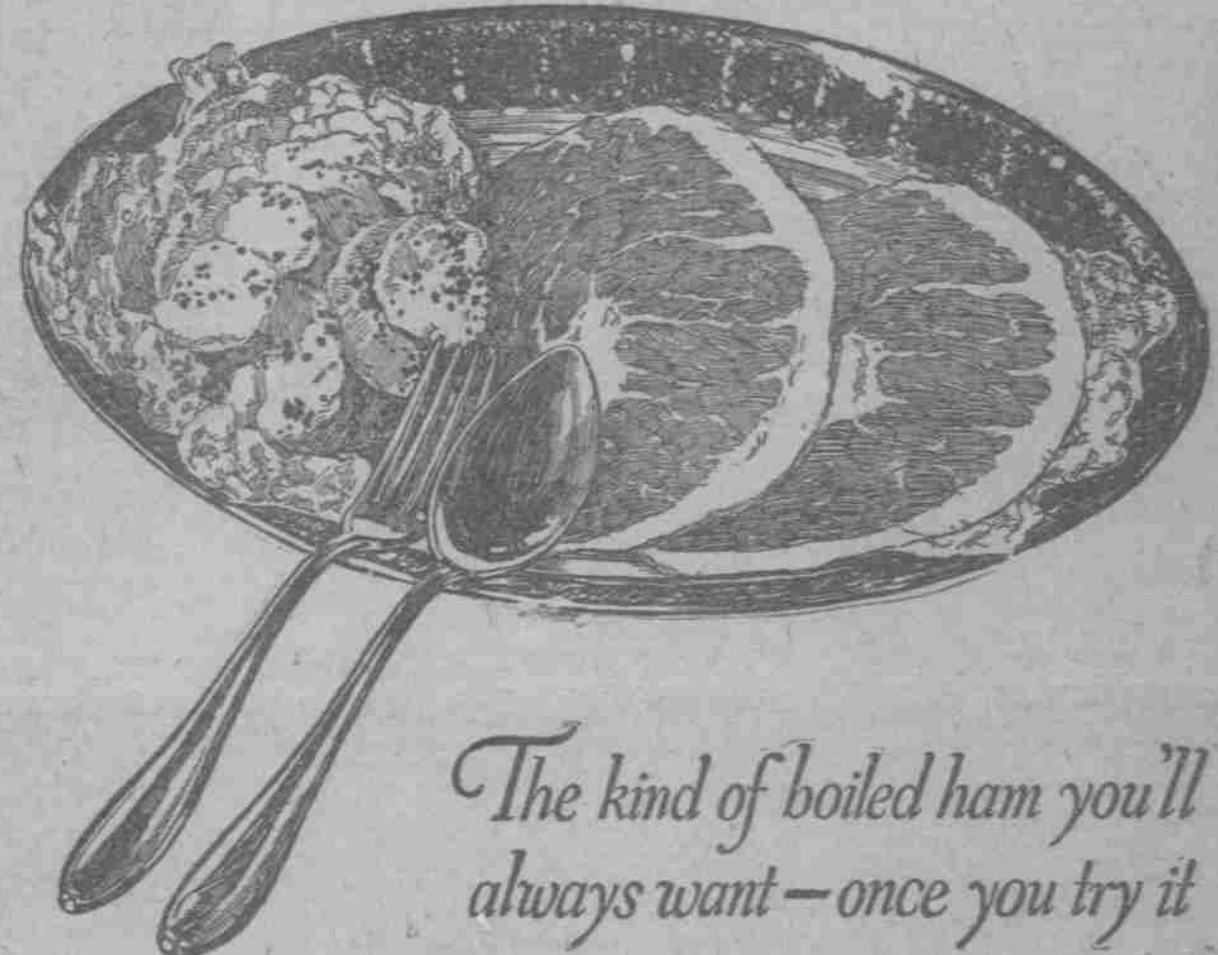

Look at a section of skin under the microscope and you will realize under stand why cosmetics generally injure the skin. The skin, smooth as it looks in the naked eye, under the glass exhibits a network of tiny lines, wrinkles, and pores. To keep the skin healthy, these lines must be washed out with a gentle, non-irritating cleanser. The skin is then ready to receive the nourishment and moisture which the skin needs to keep it healthy.

As a substitute for all cosmetics I recommend ordinary household soap. It not only does what the various face preparations are supposed to accomplish but it does it in a more natural way. The soap is a natural, healthy, youthful complexion. One section of this was to be had at a drug store, which was to be had at a drug store, which was to be had at a drug store.

The annoying "pull" of shaving  
—how to correct it

PULLING occurs only when the razor blade is dull.

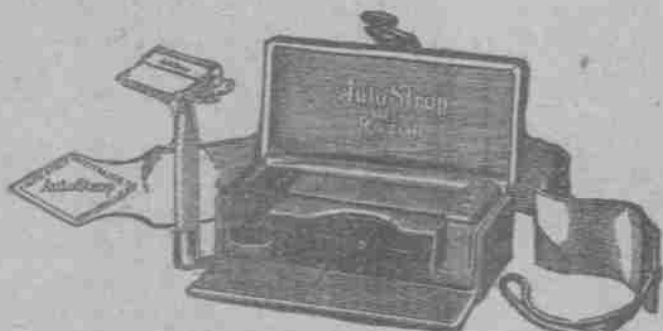

You can avoid the discomfort of a pulling razor, and the skin irritation that is sure to follow, if you use the razor that provides a keen edge for every shave—the AutoStrop Razor.

The AutoStrop Razor Blades are made of the hardest and toughest steel produced for razor blades. They provide the sharpest, finest kind of cutting edge.

To keep these blades keen-edged as when new, the AutoStrop Razor is made with a patented, self-contained stropping feature.

A pressure of your thumb adjusts the blade for close, medium or light shaving. In fact, the whole AutoStrop Razor is so simply, so efficiently built that it sharpens, shaves and cleans without removing the blade.

Ask your dealer about the free trial plan.

## Auto-Strop Razor—sharpens itself

## Travelette

BY NIKKAIL

THE Azores, which have been selected by our navy fliers as a stop on the way across the Atlantic, and which will likely have a future as an aviation base station and port of refuge, are practically a part of southern Europe chopped off from the mainland and moved far out to sea. Although they are farther from land than any of the other Atlantic islands, being 330 miles from the nearest point, in looks, in customs and in population they are much like Portugal and southern Spain. The same plants grow there, and all the trees are the same. For there were no tall trees in the Azores at all until these islands came.

Made Barn Too Solid,  
Zephyr Ruined It All

Junction City, Kans., May 21.—There is such a thing against taking too great precautions against Kansas Zephyrs, says L. Tully, a well known farmer living near here. In years past the freakish Kansas storms have unroofed his barns and caused considerable damage. When he built a new barn last fall he used long iron bolts and fastened the roof to the sides, the bolts extending two feet into the chimneys.

This spring came the usual windstorm. When it found the roof would not lift from the barn it demolished the whole structure. Insurance adjusters estimated the damage at \$1500.

There were imported from Europe. Now there are fine groves of elm and oak and linden, and orchards of lemons, oranges and apricots. The climate is one of the most important crops, and hundreds of thousands of them are exported by the Azoreans every year.

The islands are not well suited for the establishment of landing fields, as they consist of masses of volcanic mountains, in many places rising sheer out of the sea, and reaching a height of over 7000 feet. Some of the principal towns of the island have been destroyed by volcanoes and earthquakes, and several of the latter have occurred during the past century. In 1911 a subterranean disturbance cast up a new island out of the sea a little way from the coast of St. Michael's. This astonishing phenomenon was witnessed by the commander of a British warship, who named the new landmass Salbria. But Salbria, in due course disappeared into the sea again.

ROOSEVELT MAPLE PLANTED.

Washington, D. C., May 21.—The Boy Scouts of New Lexington, O., have planted a maple tree in honor of the late Col. Roosevelt in the park there, says a report to the American Forestry association, which is registering and keeping a national honor roll of all such memorial trees planted.

SUCCESS COMES  
To THE MAN  
WHO CAN  
SMILE

Get the success smile through RICH-TONE

The smile that radiates warmth and cheerfulness wins friends everywhere and enables one to accomplish those things they have set out to gain. Back of a smile like this is good health and vitality and red, rich blood.

The feeling of being tired all the time, the "frayed" nerves that make everything seem wrong and prevent rest at night all hold a man back. They cause one to meet other men with a frown. They are foes to fellowship and success.

Let RICH-TONE build you up. It is a tonic that tones up the system, stimulates the red corpuscles that fight disease and purifies the blood. In a short time you will find yourself with rested nerves and with a digestion that makes mealtime a pleasure.

You are not taking a chance when you use RICH-TONE. If you are not satisfied, your money will be refunded. \$1 a bottle at all good druggists.
